

Family Services Administration

April 15, 2019

Greetings:

The DC Department of Human Services (DHS) is in the process of reviewing and approving all existing program rules for homeless services providers for 2019. While this process continues, DHS is authorizing homeless services providers to continue to use their DHS-approved program rules until the process has been completed. Providers will be notified when the new approval is issued.

This information has been communicated to the DHS Family Services Administration (FSA), the DHS Office of Program Review, Monitoring, and Investigation (OPRMI), and The Community Partnership for the Prevention of Homelessness (TCP).

If you have questions or concerns about program rules, please contact Jose Lucio, jlucio@community-partnership.org, or Candyce Coates, ccoates@community-partnership.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tania Mortensen', with a long horizontal line extending to the right.

Tania Mortensen
Deputy Director
