June Training Announcement

The TCP Training Team is in the midst of coordinating some very exciting updates for the training catalogue. Some of these updates have taken a little longer than anticipated, so for that reason, there will be fewer trainings offered in the month of June.

We recognize this means fewer people will be able to attend trainings during June, so our compliance team has been made aware. We know these updates will be worth the wait!

Stay tuned for the updates to our training catalogue, that we hope will improve the overall training experience for you!

If you have any feedback regarding trainings, training transcripts, or anything else related to TCP Trainings, please feel free to complete this anonymous Microsoft form: <https://forms.office.com/r/gaWrN5u7y5>
