## 75<sup>th</sup> Anniversary of The Universal Declaration of Human Rights

December 10, 2023 marks the 75<sup>th</sup> anniversary of the [Universal Declaration of Human Rights](#), with the theme of 2023 being Dignity, Freedom, and Justice for All. The Declaration consists of 30 articles detailing an individual's basic rights and fundamental freedoms, and recognizing that all humans were born free and equal regardless of nationality, place of residence, sex, national or ethnic origin, color, religion, language, or any other status. Article 25 states, "Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services." As service providers in DC, you bring Article 25, and many of the other articles, to life with the work you do.

## New Trainings!

December is quite the busy season with holidays and end-of-the-year festivities. We understand many people take time off at the end of the year, but the Training Team is happy to offer our regular list of trainings, plus a few new ones! In November, we began offering **2 new trainings**: Understanding and Exploring the Ethics of Professional Boundaries; Crisis and Conflict Intervention. We are also now offering HSRA and Hypothermia in Service on-demand.

We have updated our Course Catalogue to include these trainings to aid in the completion of Training Transcripts. Should you have any questions about these updates, please contact [training@community-partnership.org](mailto:training@community-partnership.org).

# Helpful Resources

## TCP Training FAQ Sheet

The TCP training team has put together a Frequently Asked Question sheet for all things training. The FAQ sheet can be found on the [Training page](#) of the TCP website and goes over general information such as the training calendar, how to register for trainings, and certificates. The FAQ sheet also covers more in-depth information such as training transcripts and what to do if you're transitioning to a new job/provider. We highly recommend you check the FAQ sheet for your question/answer first, and if you are still unsure, then reach out to [training@community-partnership.org](mailto:training@community-partnership.org).

## TCP Training Course Catalogue

The TCP Training Course Catalogue provides information about our current and previous training offerings. The TCP training team updates the Course Catalogue regularly to accurately capture the current offerings. The Course Catalogue displays training titles, covered topics, frequency offered, as well as an Archive tab of previously offered trainings. The Course Catalogue can be found on the [Training page](#) of the TCP website; we do not recommend saving the Course Catalogue after download as we update it regularly.

## NAEH Center for Learning

The National Alliance to End Homelessness recently launched a new [YouTube channel](#) to help empower the homeless response system with best practices for ending homelessness. The short videos highlighting the voices of those with lived experience as well as voices from colleagues across the homeless response sector. A new video is posted every Wednesday and there is something for everyone involved in the Continuum of Care!

## Quarterly Housing Based Case Management Meeting

As many of you already know, we have transitioned from a traditional Housing Based Case Management (HBCM) training to a quarterly HBCM meeting. This allows us to share resources on a quarterly basis to help you in your day to day work!

The next HBCM meeting is taking place December 5, 2023 from 10am-12pm. We will have speakers from Rising for Justice, Office of Tenant Advocate, and more! This meeting will be recorded for folks who are unable to join.

Register for the HBCM meeting here: <https://us06web.zoom.us/join/registrant/register/tZwkfuGhpzMrE9bAlxS5O567PiuyF2Ff2UC6>

## Friendly Reminder

We all know trainings sell out quickly, so to help your co-workers and colleagues complete their training requirements, please cancel your registration if you can no longer attend a training. On average, approximately 50% of TCP training registrants do not attend trainings. If you can no longer attend a training you registered for, allow someone else the opportunity by cancelling your registration at least 2 days ahead of the training.
