MARCH 2024 / ISSUE #4

---

## March is Women's History Month!

Women's History Month was first celebrated as Women's History Day in 1978, then Women's History Week in 1980, then finally moved to a month-long celebration in 1987. Women's History Month is a time for us to celebrate the contributions and recognize achievements women have made over the course of history in a variety of fields. You can find events, exhibits, and collections to celebrate around DC [HERE](#).
