A.5 Division of Responsibility between TCP and the Department of General Services (DGS):

A.5.1 TCP requires each sub-awardee to use the established electronic work order system under the DHS Building Service Application through Quickbase. This system is used to submit, track, and verify the completion of all repair and maintenance requests submitted as work orders. Sub-awardee may also reach out to TCP Operations by phone and/or email should their repair request require additional clarification before submission. The Quickbase Application System has the following categories for sub-awardee to select when submitting work order requests:

1. Kitchen Appliances
2. Surveillance System
3. Windows
4. Unit Turnover
5. Pest Control
6. Painting and Plaster
7. Door/Locks
8. Electrical
9. Plumbing
10. HVAC
11. Emergency
12. Other

A.5.2 It is important for the sub-awardee to submit the repair request in the correct section. This allows TCP's awardee to be able to dispatch the appropriate technician to make the necessary repairs. TCP Operations has the responsibility of designating which agency has the repair responsibility between TCP and DGS based on the repair type submitted by the sub-awardee. The work order system allows for transparency which provides real time information sharing between the designated Sub-Awardee Staff, TCP, DHS, and TCP's Repair Awardee. The system also allows for comments that can be made by anyone that has access to the system.

A.5.3 For emergency requests, TCP requires all sub-awardees to notify the designated TCP Operations staff member and by calling the emergency hotline number (1-877-341-3702). Based on the nature of the emergency, TCP will dispatch the appropriate MJM awardee and/or notify DHS and DGS should the repair fall under the district's purview. TCP's awardee has the ability to respond to all emergencies regardless of the time of day. Generally, our TCP maintenance awardee will respond to all emergencies within two hours. All non-emergency requests will receive an onsite response within 48 hours. TCP

Operations will stay in regular communication regarding the status of the emergency repair until its completion. DHS and the sub-awardee will be kept abreast throughout the repair process. TCP's service call process has adopted an additional procedure at the request of DHS. This component is related to all work orders that require a DGS response. Those work orders would include but aren't limited to:

1. HVAC Repairs
2. Roof Repairs
3. Elevator Outages
4. Generator Maintenance
5. Building Power Outages
6. Water Outages
7. Structural Damages
8. Pest Control Services
9. Ceiling Leaks
10. Boiler Repairs
11. Water Tank Repairs
12. Landscaping

A.5.4 When sub-awardees submit repair requests into the DHS Building Services Application for any of the services above, TCP Operations staff has to then submit said request into DGS' Building Maintenance Tool using the Salesforce Application. So, its important sub-awardees are as detailed as possible when submitting repair requests. DGS would generally need to send an outside awardee to complete repairs. The information you provide in the work order allows them to dispatch the appropriate technician.

Nonstructural Repairs Serviced by TCP	Structural/Maintenance Repairs Serviced by DGS
Interior Windows	Exterior Doors
Interior Locks	Power Outages
Interior Painting/Plastering	Water Outages

Bidders must avoid any conflict of interest in carrying out activities funded by this solicitation. The organizational conflict of interest rules found in 23 CFR § 636, Subpart A, including 23 CFR § 636.116, are expected to apply to this procurement. 23 CFR § 636.103 defines an “organizational conflict of interest” as follows:

“Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the owner, or the person’s objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.”

Consultants and subconsultants who assisted TCP In the preparation of this RFP or supporting documents (including environmental reviews or similar documents) are not allowed to participate on an bidder’s team. Bidders must provide information regarding all potential organizational conflicts of interest in their proposals, including all relevant facts concerning any past, present, or currently planned interests that may present an organizational conflict of interest, and as required by 23 CFR 636.116. TCP will determine whether an organizational conflict of interest exists and what actions are necessary to avoid, neutralize, or mitigate such conflict.

As part of general guidelines for the procurement of goods and services, organizations are required to have a “code of conduct” or “conflict of interest” policy in place that prohibits employees, officers, agents, or volunteers of the organization from participating in the decision-making process related to procurement if that person, or that person’s family, partner, or any organization employing any of the above has a direct financial interest or benefit from that procurement. In addition, these persons may not accept any gratuity, favors, or anything of monetary value from a successful bidder, consultant, or other entity whose services are procured for the organization. Organizations should develop standards for avoiding such apparent or potential conflicts. Such standards must include written policy that is part of the employee policies. Employees and board members are required to sign a statement indicating that they have read the policy and will comply.

A.6.c. Limits on Funding to Primary Religious Organizations:

TCP recognizes that primary religious organizations and the faith community are important partners in carrying out the CoC’s mission. However, TCP must ensure that that services are provided in a way that is free from religious influence. Therefore, a number of conditions apply to the provisions of funding to organizations that are primarily religious in nature. These provisions generally require that when funded, a religious organization will provide services in accordance with the following principals:

- A. The organization will not discriminate against any employee or bidder for employment on the basis of religion, and will not limit employment or give preference in employment on the basis or religion.
- B. The organization will not discriminate against, limit services provided to, or give preference to any person obtaining housing, other service(s) offered by the project, or any eligible activity on the basis of religion and will not limit such service provision or give preference to persons on the basis of religion.
- C. The organization will not provide religious instruction, counseling, religious services, worship, engage in religious proselytizing, or exert other religious influences in the provision of shelter or other eligible activities.

Requiring that a program participant attend religious services or meetings as a condition of receiving other social services at the organization (such as shelter or a meal) is not allowed under this provision. Allowing a participant to choose to take part in services or meetings offered by the organization as they wish, is allowable.

SECTION D: OTHER TERMS AND CONDITIONS

Any contract resulting from this solicitation shall be subject to the following terms and conditions:

D.1. Department of Labor Wage Determinations

The successful bidder shall be bound by the Wage Determination No. 2015-4281, revision 34, dated July 8, 2025, issued by the U.S. Department of Labor in accordance with the Service Contract Act, 41 U.S.C. §351 et seq., and incorporated herein. The Awardee shall be bound by the wage rates for the term of the contract subject to revision as stated herein and in accordance with Section 24 of the SCP. If an option is exercised, the Awardee shall be bound by the applicable wage rates at the time of the option. If the option is exercised and the CO obtains a revised wage determination, the revised wage determination is applicable for the option periods, and the Awardee may be entitled to an equitable adjustment.

Labor standards clauses for Federal service contracts exceeding \$2,500.

D.1.1 The clauses set forth in the following paragraphs shall be included in full by the contracting agency in every contract entered into by the United States or the District of Columbia, in excess of \$2,500, or in an indefinite amount, the principal purpose of which is to furnish services through the use of service employees:

1. Service Contract Act of 1965, as amended: This contract is subject to the Service Contract Act of 1965, as amended (41 U.S.C. 351 *et seq.*) and is subject to the following provisions and to all other applicable provisions of the Act and regulations of the Secretary of Labor issued thereunder, found in **Section 30 of the original contract agreement**.
2. Each service employee employed in the performance of this contract by the awardee or any subawardee shall be paid not less than the minimum monetary wages and shall be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor or authorized representative, as specified in any wage determination attached to this contract.

44.1

- a. If there is such a wage determination attached to this contract, the contracting officer shall require that any class of service employee which is not listed therein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the awardee so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees shall be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this section.
- b. Such conforming procedure shall be initiated by the awardee prior to the performance of contract work by such unlisted class of employee. A written report of the proposed conforming action, including information regarding the agreement or disagreement of the authorized representative of the employees involved or, where there is no authorized representative, the employees themselves, shall be submitted by the awardee to the contracting officer no

later than 30 days after such unlisted class of employees performs any contract work. The contracting officer shall review the proposed action and promptly submit a report of the action, together with the agency's recommendation and all pertinent information including the position of the awardee and the employees, to the Wage and Hour Division, U.S. Department of Labor, for review. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt or will notify the contracting officer within 30 days of receipt that additional time is necessary.

- c. The final determination of the conformance action by the Wage and Hour Division shall be transmitted to the contracting officer who shall promptly notify the awardee of the action taken. Each affected employee shall be furnished by the awardee with a written copy of such determination or it shall be posted as a part of the wage determination.

44.2

- a. The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.
- b. In the case of a contract modification, an exercise of an option or extension of an existing contract, or in any other case where a awardee succeeds a contract under which the classification in question was previously conformed pursuant to this section, a new conformed wage rate and fringe benefits may be assigned to such conformed classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in

the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the awardee shall advise the contracting officer of the action taken but the other procedures in **section 44.2b** of this section need not be followed.

- c. No employee engaged in performing work on this contract shall in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.

44.3

- a. The wage rate and fringe benefits finally determined pursuant to **section 44.2 a and b paragraphs (b)(2)(i) and (ii)** of this section shall be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract.

44.4

- a. Upon discovery of failure to comply with **section 44.2 through section 44.4 paragraphs (b)(2)(i) through (v)** of this section, the Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be retroactive to the date such class of employees commenced contract work.
- b. If, as authorized pursuant to section 4(d) of the Service Contract Act of 1965 as amended, the term of this contract is more than 1 year, the minimum monetary wages and fringe benefits required to be paid or furnished thereunder to service employees shall be subject to adjustment after 1 year and not less often than once every 2 years, pursuant to wage determinations to be issued by the Wage and Hour Division of the Department of Labor as provided in such Act.
- c. The awardee or subawardee may discharge the obligation to furnish fringe benefits specified in the attachment or determined conformably thereto by furnishing any equivalent combinations of bona fide fringe benefits, or by making equivalent or differential payments in cash in accordance with the applicable rules set forth in subpart D of 29 CFR part 4, and not otherwise.

44.5

- a. In the absence of a minimum wage attachment for this contract, neither the awardee nor any subawardee under this contract shall pay any person performing work under the contract (regardless of whether they are service employees) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938. Nothing in this provision shall relieve the awardee or any subawardee of any other obligation under law or contract for the payment of a higher wage to any employee.
- b. If this contract succeeds a contract, subject to the Service Contract Act of 1965 as amended, under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the awardee nor any subawardee under this contract shall pay any service employee performing any of the contract work (regardless of whether or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in such collective bargaining agreements, to which such employee would have been entitled if employed under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No awardee or subawardee under this contract may be relieved of the foregoing obligation unless the limitations of § 4.1b(b) of 29 CFR part 4 apply or unless the Secretary of Labor or his authorized representative finds, after a hearing as provided in § 4.10 of 29 CFR part 4 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in § 4.11 of 29 CFR part 4, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's-length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor awardee's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's-length negotiations, the Department will issue a new or revised wage

determination setting forth the applicable wage rates and fringe benefits. Such determination shall be made part of the contract or subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract. 53 Comp. Gen. 401 (1973). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination shall be effective as of the date of the final administrative decision.

44.6

- a. The awardee and any subawardee under this contract shall notify each service employee commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or shall post the wage determination attached to this contract. The poster provided by the Department of Labor (Publication WH 1313) shall be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of section 2(a)(4) of the Act and of this contract.

44.7

- a. The awardee or subawardee shall not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the awardee or subawardee which are unsanitary or hazardous or dangerous to the health or safety of service employees engaged to furnish these services, and the awardee or subawardee shall comply with the safety and health standards applied under 29 CFR part 1925.

44.8

- a. The awardee and each subawardee performing work subject to the Act shall make and maintain for 3 years from the completion of the work records containing the information specified in **Section 44.9a 1 through 6 paragraphs (g)(1)(i) through (vi)** of this section for each employee subject to the Act and shall make them available for inspection and transcription by authorized representatives of the Wage and Hour Division of the U.S. Department of Labor:

1. Name and address and social security number of each employee.

2. The correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of fringe benefit payments in lieu thereof, and total daily and weekly compensation of each employee.
3. The number of daily and weekly hours so worked by each employee.
4. Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.
5. A list of monetary wages and fringe benefits for those classes of service employees not included in the wage determination attached to this contract but for which such wage rates or fringe benefits have been determined by the interested parties or by the Administrator or authorized representative pursuant to the labor standards clause in **Section 44.2** paragraph (b) of this section. A copy of the report required by the clause in **paragraph Section 44.2b (b)(2)(ii)** of this section shall be deemed to be such a list.
6. Any list of the predecessor awardee's employees which had been furnished to the awardee pursuant to **Section 44.1 § 4.6(1)(2)**.
 - b. The awardee shall also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division. Failure to make and maintain or to make available such records for inspection and transcription shall be a violation of the regulations and this contract, and in the case of failure to produce such records, the contracting officer, upon direction of the Department of Labor and notification of the awardee, shall take action to cause suspension of any further payment or advance of funds until such violation ceases.
 - c. The awardee shall permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

44.9

- a. The awardee shall unconditionally pay to each employee subject to the Act all wages due free and clear and without subsequent deduction (except as otherwise provided by law or Regulations, 29 CFR part 4), rebate, or kickback on any account. Such payments shall be made no later than one pay period following the end of the regular pay period in which such wages were earned or accrued. A pay period under this Act may not be of any duration longer than semi-monthly.

44.10

- a. The contracting officer shall withhold or cause to be withheld from the Government prime awardee under this or any other Government contract with the prime awardee such sums as an appropriate official of the

Department of Labor requests or such sums as the contracting officer decides may be necessary to pay underpaid employees employed by the awardee or subawardee. In the event of failure to pay any employees subject to the Act all or part of the wages or fringe benefits due under the Act, the agency may, after authorization or by direction of the Department of Labor and written notification to the awardee, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of these clauses relating to the Service Contract Act of 1965, may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the awardee in default with any additional cost.

44.11

- a. The awardee agrees to insert these clauses in this section relating to the Service Contract Act of 1965 in all subcontracts subject to the Act. The term *awardee* as used in these clauses in any subcontract, shall be deemed to refer to the subawardee, except in the term *Government prime awardee*.

44.12

- a. As used in these clauses, the term *service employee* means any person engaged in the performance of this contract other than any person employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in part 541 of title 29, Code of Federal Regulations, as of July 30, 1976, and any subsequent revision of those regulations. The term *service employee* includes all such persons regardless of any contractual relationship that may be alleged to exist between a awardee or subawardee and such persons.
- b. The following statement is included in contracts pursuant to section 2(a)(5) of the Act and is for *informational purposes only*:
 1. The following classes of service employees expected to be employed under the contract with the Government would be subject, if employed by the contracting agency, to the provisions of 5 U.S.C. 5341 or 5 U.S.C. 5332 and would, if so employed, be paid not less than the following rates of wages and fringe benefits:

2. The Employee Class, Wage and Fringe Benefit can be found under the Staffing Requirements and Qualifications section of the contract agreement after Exhibit 1.

44.13

- a. If wages to be paid or fringe benefits to be furnished any service employees employed by the Government prime awardee or any sub awardee under the contract are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Government prime awardee shall report such fact to the contracting officer, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report shall be made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of contract performance, such agreements shall be reported promptly after negotiation thereof.
- b. Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a awardee (predecessor) or successor (§ 4.173 of Regulations, 29 CFR part 4), the incumbent prime awardee shall furnish to the contracting officer a certified list of the names of all service employees on the awardee's or subawardee's payroll during the last month of contract performance. Such list shall also contain anniversary dates of employment on the contract either with the current or predecessor awardees of each such service employee. The contracting officer shall turn over such list to the successor awardee at the commencement of the succeeding contract.

44.14

- a. Rulings and interpretations of the Service Contract Act of 1965, as amended, are contained in Regulations, 29 CFR part 4.

44.15

- a. By entering into this contract, the awardee (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has a substantial interest in the awardee's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed pursuant to section 5 of the Act.
- b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract pursuant to section 5 of the Act.
- c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

44.16

- a. Notwithstanding any of the clauses in **Sections 44.2 through 44.15** paragraphs (b) through (m) of this section relating to the Service Contract Act of 1965, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to section 4(b) of the Act prior to its amendment by Public Law 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:
 1. Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical, or mental deficiency or injury may be employed at wages lower than the minimum wages otherwise required by section 2(a)(1) or 2(b)(1) of the Service Contract Act without diminishing any fringe benefits or cash payments in lieu thereof required under section 2(a)(2) of that Act, in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, handicapped persons, and handicapped clients of sheltered workshops under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).
 2. The Administrator will issue certificates under the Service Contract Act for the employment of apprentices, student-learners, handicapped persons, or handicapped clients of sheltered workshops not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two acts, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).

3. The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in parts 525 and 528 of title 29 of the Code of Federal Regulations.

44.17

- a. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Bureau of Apprenticeship and Training, Employment and Training Administration, U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program shall be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices shall not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification shall not be greater than the ratio permitted to the awardee as to his entire work force under the registered program.

44.18

- a. Where an employee engaged in an occupation in which he or she customarily and regularly receives more than \$30 a month in tips, the amount of tips received by the employee may be credited by the employer against the minimum wage required by Section 2(a)(1) or 2(b)(1) of the Act to the extent permitted by section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR part 531. To utilize this proviso:
 1. The employer must inform tipped employees about this tip credit allowance before the credit is utilized;
 2. The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);
 3. The employer must be able to show by records that the employee receives at least the applicable Service Contract Act minimum wage through the combination of direct wages and tip credit;

4. The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of section 4(c) of the Act.

44.19

a. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 4, 6, and 8. Disputes within the meaning of this clause include disputes between the awardee (or any of its sub awardees) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

At any time during the period of the grant or for three years thereafter, TCP and/DHS may have the bidder's financial and program records audited.
